ASSERTION OF RIGHTS

OFFICER:
I will provide my driver's license, registration and proof of insurance.
I will sign a citation, if any, then I want to leave without delay.
If I am not free to leave or am formally arrested, I want an attorney now…
And I will assert all my rights. This is a continuing and unwaivable demand.
I do not want to answer any questions, so do not ask without an attorney.
I do not have to do a " Field Sobriety Test" and I refuse to do them.
I do not consent or want to be recorded.
I do not consent to having my person, car or other property searched.
I need to talk to my attorney, James Johanson (Nights/Weekends 787-3520), if
You want me to take a breath test. If he cannot reach an attorney, I will submit
To a breath test. Per my attorney, I also want a separate legal blood test
performed Immediately.

THANK YOU for your professionalism
